

**SPIRITUAL MARKERS**  
**JOSHUA 4**  
Pastor Brian Saxon

Markers announce the wonderful works of God

- We should announce His works even in demanding situations.
- We should announce as individuals and corporately

Markers keep us from forgetting

- We are prone to forget God's works.
- We should look back and remember what the Lord has done.

Markers speak to future generations

- What do those markers mean to you?
- What are you investing in the lives of future generations?
